Farrar</h3> </div> <div data-bbox="236 1220 1224 1736" data-label="Text"> <p>The author, Frederic W. Farrar, was a Doctor of Divinity, and Fellow of the Royal Society, and at the time of publication of this edition, a late fellow of Trinity College, Cambridge, Canon of Westminster, and Chaplain in Ordinary to the Queen. Covering the scope of Christ's life, death, and resurrection, the book is written by a believer to believers, although certainly nonbelievers may find it enlightening. The author does not shrink from the miracles of Christ's life, as described in the Gospels, but views his Lord as the supreme lawgiver of nature's laws. Dr. Farrar enriches his work with his first hand acquaintance of the Holy Land, his exhaustive study of other scholars (including many Jewish sources), and his intimate knowledge of Biblical Greek, Latin and other languages. Christ's story is beautifully told, with continual observations that are rich with religious insight and context. The print text provides footnotes, not included here, that even the most fastidious scholar will find a sufficient buttress for this exhaustive work. Among religious scholars, The Life of Christ, is considered a classic, withstanding the test of time. - Summary by Paul Douglas Callister</p> </div> <div data-bbox="389 1738 1083 1807" data-label="Text"> <p><b>Read by Paul Douglas Callister &amp; Gillian Hendrie.</b>  <b>63 Tracks.
